**** CALL for Applications --semester 1/2023 !!! ****

Programme

Degree Academic Programme Plan Class Length of Programme

M.Eng. Computer Engineering A1,A2 Mon-Fri 2 Years

Programme's Philosophy

Programme's Objectives

Programme's Highlights

Career Opportunities

Program Learning Outcomes: PLOs

- PLO 1: Honesty and truthfulness; compliance with basic ethical principles; and ethics of human-engaged research and innovation;

- PLO 2: Discussion to connect the essence of disruptive technologies, namely, edge computing, ubiquitous artificial intelligence, and modern communication platforms, with related sciences and with development of research and innovations;
- PLO 3: Potential analysis, selection, and integration of disruptive technologies, namely, edge computing, ubiquitous artificial intelligence, and modern communication platforms, with various sciences related to research and innovation designing;
- PLO 4: Global awareness; positive attitudes towards disruption; initiation; constant personal development; and performance of duties with others in multicultural environments in keeping with disruption-induced changes;
- PLO 5: Proper selection of methods of presentation and knowledge dissemination; and proper use of mathematical, statistical, and information technology instruments to support research works; and
- PLO 6: Capacity to develop research and innovative prototypes through integration of hardware and software development and disruptive-technology-mediated information communication systems, to address engineering problems, to guide the business sector, and to respond to disruption.

Tuition and Fees

- **Plan A1:**
 - 45,500 Baht per semester
 - 182,000 Baht per programme
- **Plan A2:**
 - 52,000 Baht per semester
 - 208,000 Baht per programme

Programme Structure

- **Total Credits Required: 36**

Plan A1

Total credits : 36 credits (2-year Master's Degree)

1. Thesis 36 credits

Plan A2

Total credits : 36 credits (2-year Master's Degree)

1. Major Required Courses	15	credits
2. Major Elective Courses	3	credits
3. Thesis	18	credits

(Refer to Master of Engineering Program in Computer Engineering Year 2025)
